MISTOMIZER

Highly durable resin material

Compared to conventional glass-made mistomizer, the risk of damage during handling has been significantly reduced.

Washable construction

If there is anything abnormal with the spray, you can disassemble and clean it with only running water. If the problem persists after cleaning, our company will provide a warranty support for 3 years from the date of ex-factory*.

*Disassembly or cleaning not following the instructions manual, or damage caused by external factors, will not be covered by the warranty.
